

AMENDMENT TO RESOLUTION 335/2016 of 26 February 2016

CONSIDERING:

That Resolution 335/2016 of 26 February announced the recruitment procedures for teaching and research staff within the Serra Húnter Programme (published in the Official Gazette of the Catalan Government on 4 March 2016).

That a shortcoming has been detected in Clause 3.3 of the rules, which in giving the bank details for payment of the fee gives the IBAN number but not the SWIFT code that is needed for international bank transfers.

That candidates have been excluded for not submitting proof of payment of the fee in Resolution 645/2016 of 15 April, which makes the provisional list of accepted and excluded candidates public.

I HEREBY RESOLVE:

To include the SWIFT code (CAIXESBB) in Clause 3.3 of the rules that includes information on how to pay the corresponding fee, to communicate this fact to those affected and to give a period of **10 calendar days** from the date on which this amendment is published during which those candidates excluded as a result can make the payment if they so wish.
