

**Resolution 103\_SAIp\_PDI-2024-4684/136**, appointing members of the committee of competition UPC-LE-231-041 corresponding to Resolution 03\_SAIp\_PDI-2024-528/23, which announced the selection processes for the recruitment of assistant professors in the framework of the Serra Hünter Programme (first 2023 call)

## FACTUAL AND LEGAL BASIS

The agreement between the Administration of the Government of Catalonia, through the Ministry of Business and Knowledge, and Catalan public universities on the development of the Serra Hünter Programme for contracted teaching staff in the period 2022-2023.

Resolution 103\_SAIp\_PDI-2024-528/23, of 12 February, which announced the selection processes for the recruitment of assistant professors in the framework of the Serra Hünter Programme (first 2023 call) and specified the profile and the members of the competitions' selection committees, including the competition UPC-LE-231-041 for an assistant professor post in Soil Science attached to the Department of Agri-Food Engineering and Biotechnology.

Given that it was impossible for the secretary and the secretary's substitute who were initially appointed to participate, Resolution 103\_SAIp\_PDI-2024-2139/81 appointed new secretaries for the committee for competition UPC-LE-231-041.

Given that the newly appointed members and other committee members could not participate either, it is appropriate, with the approval of the Serra Hünter Programme, to appoint the members who have expressed their agreement and will make up the committee for the selection process.

Given the above, by the powers granted to me in the UPC Statutes,

## I HEREBY RESOLVE:

**ONE.** To appoint the members of selection process UPC-LE-231-041, profile: Soil Science.
